

SD4 Kaba-Kaba Sister School Visit

On the 19th of April, I was fortunate enough to visit our Sister School SD4 Kaba-Kaba in Bali. It was approximately an hour's drive from where I was staying in Nusa Dua. Upon arrival, the students and teachers welcomed me and showed me around their lovely school that Aveley Primary has helped contribute too.

Due to fantastic donations from everyone at Aveley Primary School, it was fantastic to be able to take over 30kg of donated books and contribute to growing their Aveley English centre. It was great to see where our donated money is being spent and whilst I was there, I saw the builders installing ceiling fans for the classrooms which will make life a lot more comfortable for the students of Kaba-Kaba.

Lots of fun, learning and laughter were there as I took the Year 6 six students for Sport first thing in the morning. Mr Harvie played a number of games that got the students up and moving and tried his best to speak Indonesian.

I certainly look forward to visiting SD4 Kaba-Kaba again soon. Lastly, thank you to those families that have donated. For more pictures of my visit, please visit the schools Facebook page.

PE Teacher - Mr Harvie
